Required Publishing Tasks for Conference Publishers

- 1 Collect copyright transfer agreements**, one form per paper, not per author.
IMPORTANT: The [IEEE Copyright Form](#) must be completed. Use the electronic form via the following link: [IEEE Electronic Copyright form](#). Conference Organizers [register with eCopyright](#) to create an account that authors access online. The Organizer then receives a weekly report of which copyright transfers have been completed.
- 2 Provide Xplore-compatible PDFs to Conference Publications.**
IMPORTANT: Any changes made to a PDF after IEEE PDF eXpress conversion or PDF Checking may invalidate Xplore compatibility. This includes headers, page numbers, copyright notice, watermarks, etc. If any of these elements are desired, they should be added to the document before a PDF is created.
- 3 Instruct your authors to add the copyright notice to their papers** before creating PDFs. Copyright notice can be found in Section IV ? Copyright Information in the Letter of Acquisition.
- 4** Inform your authors how to validate their PDFs.
- 5 All PDFs to be included in Xplore** (e.g. title page, copyright page, author index, etc.) should be validated through PDF eXpress for Xplore compatibility.
- 6** If you are not using a publishing vendor's assistance, use the [IEEE Packing List Generator](#) to expedite delivery of your PDFs to Xplore.
- 7** Distribute the following page to your authors to provide them access to free Word and LaTeX templates and to PDF instructions [MS Word and LaTeX templates](#).
